

IT WS II - Lab 1

Emacs and shell warmup

In first IT WS II lab on 3rd and 4th January, 2012 students are expected to practice Emacs. Prof. Chopella has already given an introductory lecture on Emacs and students should practice emacs properly during lab.

Students are also expected to revise all the shell commands taught during IT WS II course and once that are covered / will be covered during lectures on 3rd and 5th January, 2012.
